CHEM-PRUF P-SERIES FRP QUICK SHIP PROGRAM

PULTRUSION STILE AND RAIL CONSTRUCTION - QUICK SHIP CORROSION RESISTANT DOORS & FRAMES

Chem-Pruf P-Series fiberglass door systems are engineered and manufactured to withstand the most corrosive environments with a stile and rail construction. The same great product you love, with a limited offering, will ship out in just **3 WEEKS** as part of our quick ship offering. Chem-Pruf P-Series FRP Quick Ship doors are constructed with a polypropylene honeycomb core (PPC) surrounded by a pultruded FRP tubular structural stile, rail, and midrail sub-frame. CP-P Quick Ship doors are available with hardware or fully prepped for hardware, and come with a lifetime warranty!

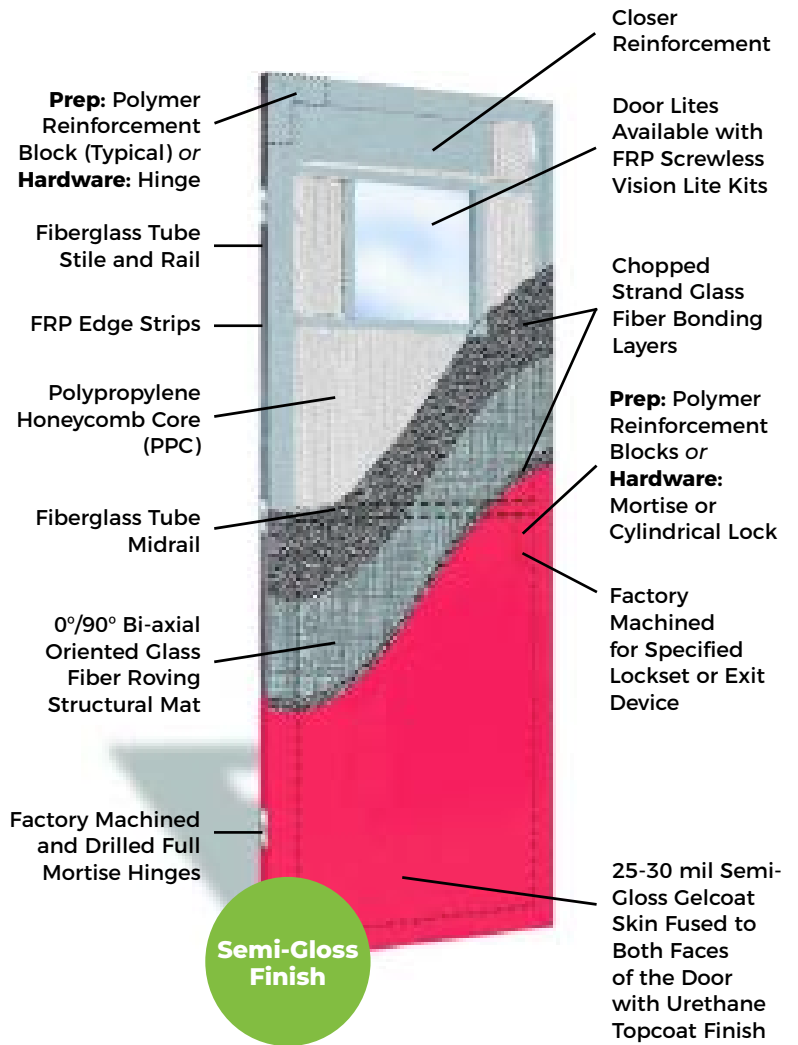

**HIGH QUALITY MEETS FAST LEAD TIME WITH
CHEM-PRUF P-SERIES QUICK SHIP -
PRODUCT SHIPS WITHIN 3 WEEKS!**

LEAD TIME

- Shipment within 3 weeks from receipt of P.O. containing complete bill to and ship to information with completed editable PDF indicating door and frame configurations required.
